Sportsweek

By GREGORY FAYRE

Sunday afternoons, via the television screen, football fans the country over can look in on the game at its finest. The professionals, the men who get paid high for playing, the specialists of the trade, race up and down a rectangle field in an attempt to carry a little leather ball across a very thin white line.

Substitutes run on and off the gridiron in such abundance and cause such a case of organized pandemonium that each player must have a sixth sense to know whether he is in that offense or defense, if it is the kicking team, passing team, field goal team, punt return team, or kickoff return team.

Your correspondent imagines that they even have a team called the fighting team, which runs on the field when any disturbance starts.

Yes, this is perfection in the game. Each man is paid a nominal fee to do one thing. But, Monday afternoon, a small group of weather beaten people, braved the elements to watch football in its infancy.

Covered with blankets and overcoats the small number were witnesses to the 38th annual Flee-by Classic.

The bowl game for the kiddies. A contest which provokes laughter as well as thrills.

The youngsters amble on the field with only a vague idea of the mechanics of the game. Block and tackles are just words to the majority of them.

Plays are simplified to the nth degree. Formation in the backfield can sometimes be real eye openers.

Some use the conventional T, some the single wing and others use a new novelty, which could be identified, "you name it if you have the guts."

Penalties are not levied because rules are a rather mixed up bunch of notes to these juveniles.

They are like the pros in only one respect. The main object of the game to them is to get that ball across the goal and thus score a touchdown.

By doing this they have a greater chance of coming out on top in the traditional rivalry and will be the heroes around the school rather than the goats.

Fumbles are picked up and dropped periodically during the course of the six quarters. Passes are thrown with outstanding faith.

This is, the passer and the receiver both have faith that the ball will reach its destination.

Punts are usually the best offensive play of the defensive team. They go straight up and come straight down.

The thing that is sensed more

than any other phase of this post season game is the rivalry.

Though sometimes it pits brother against brother as well as classmate against classmate, it is always a grudge game, that is, in a friendly sort of way.

Many tears have been known to be shed over the outcome of the contest. This is true because each and every boy feels that by winning he gains a coveted award and by losing he has lost something dear.

The parents and the rest of the audience get more excited than the players. Many of these wake up and down the sidelines cheering the team on which their son is playing to victory.

What happens when you have

A Bad Deal

The meeting to discuss the anti-public school amendment proved very enlightening. It indicated to most of those attending that there's practically nothing you can say in favor of the amendment.

Those who want this screwy thing passed often say, "We don't expect to attend the public schools. We want this on the books just in case."

That's not the way we do things in a democracy. In a democracy you let the people decide an issue by taking a vote. You don't ask them to vote first, then listen to the issue. And that's what this amendment would do. It would give the legislature the right to amend the public schools. Then later they would let you vote on it.

It is known that having public schools will kill federal aid. It will also kill the state aid. It will also kill the state aid. It will also kill the state aid. It will also kill the state aid.

Under the public school system you, as a voter, control the school. When you vote on the amendment, it will kill the state aid. It will also kill the state aid. It will also kill the state aid. It will also kill the state aid.

Why in the case of the grocery, there's another store up the street. But in the case of the school, there won't be another store up the street.

One in a million of this amendment like to say, "The amendment will kill the state aid. It will also kill the state aid. It will also kill the state aid. It will also kill the state aid."

The legislature can't do anything but still kill the public schools. The legislature can't do anything but still kill the public schools. The legislature can't do anything but still kill the public schools.

But they were told that the legislature itself, by refusing to pass a bill, they can't do anything but still kill the public schools. But they were told that the legislature itself, by refusing to pass a bill, they can't do anything but still kill the public schools.

Letters To Santa

Dear Santa:

My name is Belua Jean Bilbo. I am writing for my baby sis and baby brother. My sister is Karen. Karen would like to have a walking and talking doll and a pair of skates and my baby brother is Elsie. Elsie would like to have a big yellow duck and a ball and I would like to have a walking and talking doll and a pair of skates too. We love you very much Santa.

P. S.—Please don't forget our brother, "Larry" Santa. Love always Belua, Karen and Elsie Bilbo

Dear Little People: Thank you - Santa loves you, too and will remember. Santa.

Dear Santa, My name is Susan Marie Ryan and I'm getting my Ma Moo! to write because I'm too young to do so. I have three brothers Mike, Pat and Tim. They want an electric train and the rest to be a surprise. I want all of my toys to be a surprise. Please come and see us Christmas Eve before we go to bed. Love and kisses Susan, Mike, Pat and Tim. P. S.—Also remember my mother, Daddy and Ma Moo! Dear Children: Look for me Christmas Santa.

Dear Santa I am a good little girl. Please bring me some toys. I want a horse and guns and a doll and stove. And Santa, please don't forget my little brother, he wants a horse and a football. Thank you Santa. Love Marsha Compretta.

Dear Marsha: Santa will certainly put you on his list. Sears Avenue Waveland, Miss.

Dear Santa, I'm a little boy 7 years old. I can't write plain enough, so I'm having my sister to write for me. Santa please bring me an electric train, 2 guns, boots, cowboy suit, a policeman's outfit and a cowboy hat. Thanks Santa Anthony Morreale

Dear Young Cowboy: Santa will do his best for you. Be good. Santa Claus: I have been almost good. — Please bring me a walking doll and a surprise. Don't forget by baby sister, Tamy, love. Jan Osoinach.

I am 6 years old. Dear Youngsters, Santa will be calling on you. Be a good boy.

Pass Christian News

By LUCILLE K-VACE

A forum to discuss the pending school bill and other proposed causeway will be held December 17th, 8 p. m. at the City Hall. It is put on by the civic groups in town and sponsored by the League of Women Voters and the P. T. A. of Pass Christian School. Speaking for the bill will be Icey Day who worked with Gov. White on the bill. Joe Blass, a former representative of Stone County, will give the opposing view. Reese O. Bickert will speak for the causeway. John M. Gardner of Gulfport will give reasons why the causeway should not go through as now set up. The public is urged to attend and inform themselves on these two bills.

Father Pan, Chinese-born Jesuit Priest now at Xavier Hall in Pass Christian, addressed the recent meeting of the Pass Lions Club, giving his experiences in China before the country went Communist. In other business, the Lions voted to complete their broom sale of blind-made broom and mop products in the Pass. Various stands were set up, mainly at the Post Office, Hancock Bank and City Hall.

The regular monthly dance held by the Lions for the benefit of the teen-age hall in the Community Building was given on Saturday, Dec. 4th. Leffer's orchestra furnished the music.

County Agent Notes

By HOWARD SIMMONS

Heavy marketings of a large supply of broilers in early December will make the prices low. However, after December, this supply is likely to be considerably less and the price will be back up. So now, while the price is low is the time to buy. You will want to buy some to eat in December as well as buying them for the freezer.

HOOGS Meaty type hogs are found in all breeds. The most desirable hog for market is one with a natural tendency to yield a maximum percentage of high priced meat cuts. These are trimmed hams, loins, picnic shoulders and shoulder butts. They should have enough finish for a firm carcass.

Such a hog should have a heavily muscled body of good length, and a good spring or rib. No one breed has a monopoly on meat type hogs. However, some breeds do have more meat type strains than others. Choose your own breed, but make sure that it has meat type tendencies.

DECEMBER GARDENING JOBS Build a hotbed for late January and early February planting. Check and repair the garden fence. Check garden for drainage. Buy your commercial fertilizer for the early spring garden.

Make up some rows for January planting. Make a written garden plan for 1935 and make a seed list now.

Reported very successful was the Annual Trinity Church Bazaar held last Saturday. It was well attended and proceeds went to assist the two church guilds.

The Alpha Omicron Chapter of the Beta Sigma Phi Sorority held its first meeting of the month with good attendance. Mrs. Sylvester Pagano was hostess to the group who met in their own meeting room in the Community Building.

DAIRY OUTLOOK

Look for a slight reduction in number of dairy cows in 1935. However, at the same time, there is likely to be a slight increase in total milk production.

A predicted increase in consumption of milk and milk products, if prices remain around present level, is expected to take care of the slight increase in total production.

Record plantings of oats have been made in this area this fall. Much of this was planted late, but prospect is good for ample grazing.

Next spring, these oats will be valuable for grazing, for ensiling, for hay and for a grain crop. However, the value of grazing the oats may be lost entirely by grazing too early and too closely. An hour or two grazing a day for one, two or three months will give far better results than all day grazing for one or two weeks.

Bay Area Folks In Dairy Event

Perkinston, Miss.—Miss Gertrude Howell, representing Lucedale High School, was crowned queen of the Dairy Day Classic at Perkinston Junior College Stadium recently by Annie Vivian Taylor, Vancleave, last year's queen. She was also presented with a bouquet and a gold wrist watch.

The impressive ceremony took place just before the game between the Brooklyn AHS Aggies and the St. Stanislaus Rockchaws of Bay St. Louis with Dist. Atty. Boyce Holleman, of Wiggins, chairman of the queen selection committee as Master of Ceremonies.

The queen's maids, who also entered the field in convertibles, included Irene Thelma Clark Our Lady of Victories (Pascaugola); Kirby Breland, Wiggins High School; Judith Faye Scarborough, Pass Christian; Patricia Walton, d'Iberville High School; Gene Marie Bussolati, St. John (Gulfport); Maxine Fink, Forrest AHS (Brooklyn); and Sue Brumfield, Perkinston AHS student from Moss Point.

Presentation of arms was by the Clement R. Bontemps Post.

of the American Legion, Bay St. Louis, and the Wiggins Post 104, Wiggins, chairman of the program committee, welcomed the visitors.

A program show was given by the Perkinston Junior College band and Perkettes under the direction of Sam Jones. Individuals featured were head Perkettes Jane Morris of Gulfport, fire twirling champion of the midwest, in a fire baton twirling act, and Bradford Black, Andalusia, Ala., in an exhibition of bass drum playing.

HOW MUCH WOULD YOU PAY FOR A "DO-IT-ALL"?

A robot to save work—to make life easier. That's the dream of many inventors. But the wildest dream, the most complicated all-purpose invention, could never compare with the help and convenience electricity provides—and at just the touch of your finger. . . . Set a dial—your laundry is washed, rinsed or dried. Push a button—your vacuum cleaner sucks up household dirt. Turn a switch—electricity flows into your range to cook a meal just the way you like it. Twist a dial—music and entertainment enter your living room. . . . All day, every step of the way, electricity is at your finger tips, ready to bring comfort, convenience and pleasure. And the men and women in your electric company are always working to make electricity more useful for more jobs.

Two months ago, they added a brand new baby, little Jimmy. Recently, the stable acquired a five-gaited stallion named My Bourbon Stonewall, Bourbon, for short, who is going to be entered in the horse shows this

Spring. Give you three guesses. What did Mr. Ball bring home in his automobile from New Orleans last Saturday? A real live Shetland Pony. Just tucked him in between the front and the back seat and the pony was quiet as a mouse. He has now been added to the Ball stable.

Dr. and Mrs. E. A. Socola spent several days at their home on Oak Blvd. They have heard from Miss Lydia Magruder, Mrs. Socola's cousin, who flew from New York to Paris recently. She had gotten settled and is contacting friends as she is going to spend a whole year in Europe. What a nice reward for her many years of school teaching.

Our regular opera goes, Dr. and Mrs. Walter C. Hava and Mrs. Halton Guennard, went to New Orleans last week for the production of LAXME at the Municipal auditorium by the N. O. Opera Association. They were very much interested in the first appearance of Charles Anthony (Caruso) since he signed up with the Metropolitan Opera Company in New York. This New Orleans boy has travelled far in a very short time. Dr. and Mrs. Hava and Mrs. Guennard also planned to attend the current play of Le Petit Theatre du Vieux Carre Sunday night.

Dennis, not the Menace, came over to visit with grandfather and grandmother Buddendorf last week. Father and Mother, Henry and Doris White also came along but everything revolved around Dennis, the Darling.

Coming over from New Orleans last week and to visit Caroline and Bill Argus were Ruth and Charles Seemann and Edward Aubert.

Gen. and Mrs. Louis F. Guerre had a very pleasant time on their recent visit to New Orleans. They attended the lovely Fitzpatrick-Pugh wedding and were special guests at the Christmas party given by the employees of the Veterans' Administration in New Orleans with which organization Gen. Guerre was connected for so many years.

Elise Roussel of New Orleans visiting around with friends last weekend. She had dinner at Uncle Tom's Cabin with Mildred, Bessie and Tom. Every-one offering congratulations. Her first little grand daughter, Mary Elise Kopacz, just about two weeks old. Lee, Elise's daughter, and Ben have two little boys who instead of being jealous are quite proud of their new sister.

Mr. and Mrs. Ben Moise pushing hard to get all the work done on the house before Christmas. The porch, now enclosed but with four big louvered windows helps to make an L-shaped living room and television room combination. These and the adjoining bedroom have all been done over in knotty pine and the rooms seem twice as large with the light background. Most attractive.

Spencer. As they left on Sunday morning, Mrs. B. Neumaler arrived from New Orleans to spend the day.

Last Thursday was a beautiful day, clear, cool and sunny so they spent most of the day under the trees in the yard with their hostess, Mr. John F. Dicks. From New Orleans came, Mrs. James Kelly, Mrs. Townsend Ellis, Mrs. Lucien Landry, Mrs. Rush Strong, Mrs. George Murrell, Mrs. John Pratt, Mrs. Alice Valrin Westfeldt and from Pass Christian, Mrs. Barkley Winterspoon. They had a delicious buffet lunch on the big glassed in porch. The table was spread with a yellow and white checkered cloth with a centerpiece arrangement of kumquats with their bright glossy, dark green leaves and bright yellow china.

Mrs. W. D. Byers, of Waveland, and Mr. and Mrs. Frank R. Simmons, of Clermont Harbor, all three, long-time employees of the Southern Bell Telephone Company went to New Orleans last Saturday night to attend the banquet given by the Pioneer Chapter of the company in the Tulane Room of the Jung Hotel. There were over nine hundred guests. The food was delicious and the entertainers from the Blue Room and other popular night spots put on a wonderful program.

Dr. and Mrs. Norton Voorhies and their children, Mollie and Emory, took over the James Rees cottage for the weekend and had a nice vacation in spite of the weather.

Mr. and Mrs. Mills Fuller in New Orleans for Christmas shopping and a visit with their daughter, Doris Simon, and Bob and the grandchildren.

Peter and Gladys Monrose visiting over the Christmas holidays with Betty and John LaCourte and the grandchildren in Norfolk, Va. The weather news not so good. Norfolk has already had snow.

While Dr. and Mrs. Walter Hava were in New Orleans recently they had the pleasure of attending a preview of exhibits by the Men's Camellia Club. It was held in Audubon Park and over twenty-five varieties of early blooming camellias were shown. The grand prize was awarded to a magnificent Alba Plena, snow white and five inches across. The High Hat was the prettiest among the pink blossoms and the Ward's rose red Daikagura was most attractive. After the show, the guests were entertained at a coffee party in the Audubon Pavilion.

Mrs. A. V. Casserly, of New Orleans, drove over to spend Saturday and Sunday with Mr. and Mrs. G. R. Perkins.

Drewry and Marie Louise Blair week end visited with Duralda and Yvonne Claiborne at their home on Nicholson Avenue.

The Sam Hutchinsons of Birmingham, spent five days last week with Mr. and Mrs. E. N.

How Can I?

Q. How can I remove oil stains on a carpet?

A. Rub with a clean cloth dipped in cleaning fluid. Begin at the edge of the stain and gradually work towards the center, changing to a clean section of the cloth when one part is soiled.

Q. How can I keep custard from soaking through the crust of the pie?

A. Beat the white of an egg lightly, brush over the crust before baking, and place in the oven for a few seconds. The egg white will harden the crust.

Q. How can I prevent skin from forming on starch?

A. This skin will not form on the freshly made starch if it is covered with a pan.

Q. How can I have a smooth top when making fruit cake?

A. Save a little of the plain batter to spread on the bottom of the pan and on the top of the fruit batter. The surface of the cake will then be smooth and there will be no fruit sticking to the pan and burning on top.

Q. How can I soften brown sugar?

A. Brown sugar requires moisture or it will cake. To soften it, put into a bag and wrap a damp cloth about it. Or, roll on a board with the rolling pin, and if necessary, sift also.

Q. How can I bring relief to a burn?

A. By applying a cloth wet with equal parts of sweet oil and lime water.

Q. How can I prevent scratches on the hardwood floor, from the casters on heavy pieces of furniture?

A. Remove the casters and roll pieces of heavy adhesive tape around the outside of each one. It will act as a rubber casing and will not mark the floor.

Q. How can I make a good vegetable salad?

A. Use cooked or canned peas, grated raw carrots, and shredded cabbage. Or use cooked green lima beans, diced tomato, diced cucumber, chop-

CHANCERY SUMMONS
No. 7179
The State of Mississippi
To Maxine Irene Smith Williams
You are summoned to appear before the Chancery Court of the County of Hancock in said State, on the third Monday of February, A. D. 1955, to defend the suit No. 7179 in said Court of Ernest Mitchell Williams, wherein you are a defendant.
This 15th day of December A. D. 1954.
A. C. MITCHELL,
Chancery Clerk.
By: H. E. Englehorn, D. C.

CANVASBACK DUCKS
Sailing in from the sky, tossed on a whitecapped lake or served at a banquet table, it is hard to beat a canvasback.
Time was when our northern lakes in winter were white with great masses of canvasbacks riding out a storm, milling around the edge of the foaming ice or diving in apparent glee to the eelgrass beds deep under water for a meal of wild celery.
As ducks go, the canvas back is a large bird. The drake may weigh to 3 pounds with the duck usually at least 10 ounces lighter than that.
Canvasbacks breed from central Alaska to Wisconsin and south to New Mexico or roughly

within that area. They are one of the favorites of the hunter.
Now is the time to go out on the house. The Hancock County Golf Club will hold an open house this Sunday, Dec. 19th. You are invited to be guests for the day. The course is in fine shape and Alex Cunningham pro announced that all golfers on the Coast and otherwise will be his guests for the day. Joe Phelps, president, seconded the motion.
The dove season opens on Dec. 22 for the second part of the split season. Local dove hunters will be out en masse you can bet.
Duck hunters say that hunting hasn't been so hot lately. Maybe the colder weather may help some. Joe Kern and Ames Kergosien bagged a couple over the weekend.
Ed Orr, the accommodating chap at Bayou Caddy Fishing Camp was busy making coffee for the drowned out fishermen Sunday. The pot was kept busy and Ed said it was a pleasure to help dry them out.

HELPFUL HINT—To freeze fish so they will keep their flavor and freshness for months—clean them thoroughly first, then place in a container and cover with water during refrigeration, encasing them in ice.
Joe Servot of New Orleans and Lakeshore, a frequent visitor at Bayou Caddy fishing camp, says he hasn't time to do much fishing lately but loves to be around to see what the others get.
The meat ball spaghetti supper at Pass Christian Golf Club Saturday night was a grand success. Besides eating all food served at the entertainment and social side was tops. These affairs are proving quite a treat for all who attend. Those in charge did a wonderful job.
Eddie Heath, recently elected vice-commander of the Bay-Waveland Yacht Club will have to put out a lot of his fishing, as Eddie goes all out for whatever he undertakes. Good luck Eddie in your new job.

Review Of Progressive Business, Professional And Civic Minded People Of Gulfport And Adjacent Coast Territory

This Department Has Been Compiled, Edited and Arranged as a Reflection of Public Opinion By Ralph Voorhees, Jr., As He Saw Conditions. These People Are All Leaders in their Various Lines of Endeavor, and the Cooperation of the many Citizens of Gulfport who helped to make this Department Possible is Appreciated.

J. A. CROSLAND

Mr. A. J. Crosland of the Walsh Stevedoring Co., of Gulfport has proved his progressiveness by constantly adding to and increasing the service which his business has rendered to the public.

The large volume of business handled by this company proves that service to him is not just a word but something to be extended to the people to the fullest extent of his ability.

And in addition to his close attention to business affairs Mr. Crosland was never a man to dodge his civic responsibilities. He fully appreciates the value of good will and has more than his share of that intangible commodity because of the manner in which he meets both his business and civic obligations.

J. A. Crosland has many friends in Gulfport and it is a great pleasure to bring him before our readers in this review of progressive business men. We sincerely wish for him as much success in the future as he already has accomplished in the past.

MISS M. J. AGUR

It is always a pleasure to bring to the attention of the public a man or woman who has received much recognition for his or her achievements. It is a special pleasure to tell you about Miss M. J. Agur of the Agur Real Estate Agency.

Those who know her well are familiar with her fine business reputation and success and with her many efforts to serve her clientele faithfully and successfully.

Miss Agur is just naturally a modest person and has used to keep herself in the background, but we think it time that those of you who do not know her have a chance to do so through this little article. Those with whom she has been associated in business activities are aware of her unusual ability and her wonderful personality.

Miss M. J. Agur we want you to know that we are proud of you and that even though we have been slow in no longer you publicly we have for a long time been aware of your worth to your community.

I. O. WILLIAMS

In paying tribute to some of the more progressive business and professional men of Gulfport we would be remiss in our duty should we fail to include I. O. Williams of the Williams Pecan Co.

Mr. Williams is a man who has contributed generously to the welfare of Gulfport and the community for many miles around. His civic spirit and energy is evident by the many services he has performed and continues to perform in the interest of the people as a whole. No worth while enterprise which promises to benefit the community as a whole escapes his attention.

I. O. Williams is a man of wide acquaintance whose many friends admire and respect in him those virtues which inspire confidence and promote good feeling. His upright business methods are a credit to his inherent sense of fair play. A community is fortunate to number among its citizens a man of his type.

S. K. WARD

As we review those qualities which make a man or woman worthy of the approbation of his fellow citizens, we see that honesty, skill in his chosen field and general business ability are the characteristics which set a person above the average man.

S. K. Ward of Ward's Fish Tires & Supply Co., Inc., possesses all of these qualities and more. He has made it easy for all of Gulfport to observe these characteristics as he goes about his daily routine.

But S. K. Ward applies these abilities to more than his own personal business. He demonstrates them in his activities in behalf of his fellow townspeople. Any civic project which he considers worth while finds him among its backers.

Mr. Ward has been

H. D. WYNNE

one of Gulfport's well known business men. We thought it time that we brought him to your attention by giving him this well deserved recognition. We offer him our congratulations and very best wishes for continued success.

EVA O. RIPPY AND MARY R. DYER

Mrs. Eva O. Rippy and Mrs. Mary R. Dyer of the Rippy Lane Shaving Parlor are two of those progressive types of citizens upon whom the community depends a great deal for leadership in business and other matters. They have, in the past, and no doubt will continue in the future to show more of their share of time and energy for the welfare of others than themselves. They are the kind of people who make friends. And friendships once formed by them are never broken by an unfriendly act on their part.

However, they proceed in a calm, unostentatious manner and accomplish their objective with a quiet dignity.

We do not hesitate to recommend Eva Rippy and Mary Dyer to our friends as good examples of the more progressive type of business people who are aiding in the growth and development of Gulfport, and the surrounding country.

JAMES MASTON, JR.

Mr. James Maston, Jr., of the Pitt Restaurant, is one of those quiet, unassuming, yet progressive business men of Gulfport who have consistently forged ahead in his business. He also puts his shoulder to the wheel of civic progress whenever concerted help is needed in furthering enterprises promoted for the general betterment of the community.

Mr. Maston was never a man who was given to wasting time. His methods are those of direct action and whether the problem at hand is one concerning his own business or that of a civic nature, he approaches it with optimism and with an acknowledged business acumen and his keen sense of values and it is easily understood why he is almost invariably successful in business or other matters.

We feel it our duty to call the attention of our readers to these worthwhile characteristics of James Maston, and pay him a well-deserved tribute for his straightforward business methods and for the unselfish interest he has shown in public welfare.

W. L. PARKS

Gulfport and this area are indebted to many citizens who have been active in the rapid progress of the city and who have assisted in making it one of the up-and-coming cities in this area. In telling you about some of the men it is our duty to include W. L. Parks of the Parks Shell Oil Co., serving the entire Mississippi Coast. He is entitled to a great deal of credit for his success in both business and civic activities.

W. L. Parks deserves a great deal of praise and these few comments are but a just recognition for the many fine things he has done in behalf of the general welfare of Gulfport and the surrounding area.

The honest and successful conduct of his business is but a reflection of his character. We sincerely hope that W. L. Parks will continue to serve Gulfport for many more years.

ARTHUR QUINN

A city grows and prospers by reason of public spirited men and women who take an active interest in its development. And Gulfport has its share of these progressive and civic-minded people, and one who is deserving of recognition is friendly, likable Arthur Quinn of the Quinn Studio.

His business ability coupled with a thorough knowledge of photography serves in a prominent business position of the business life of the city.

Arthur Quinn has been ready and willing to contribute his time and energy to the promotion of any project which promises to benefit the community as a whole. His efforts are deserving of commendation and support.

We congratulate Arthur Quinn on his past successes and predict that the future will bring still greater successes.

E. L. TUCKER

Gulfport has attained a prominent position in the business and rural life of this section of the state because of the foresight of those men who had the ability to envision the possibilities of the community and the trade area it serves. And progressive citizens of Gulfport with whom he has been associated.

In doing so we merely put into words the ideas of other progressive citizens of Gulfport with whom he has been associated.

Mr. Rosenblum has earned his success by the method which he has accepted both civic and business responsibilities and we trust that he will continue to prosper.

EVA O. RIPPY AND MARY R. DYER

Mrs. Eva O. Rippy and Mrs. Mary R. Dyer of the Rippy Lane Shaving Parlor are two of those progressive types of citizens upon whom the community depends a great deal for leadership in business and other matters. Kiln Boys Win Second Tourney

Kiln High School added another trophy to its case as the boys basketball team defeated Industrial 73-52 to win the Carriere Invitational tournament.

Kiln reached the finals by virtue of two victories over Poplarville and Picayune.

In the championship game Kiln got off to a slow start but caught on fire in the second quarter. And from then on it was a one-sided ball game.

Larry Ladner, the playmaker of the Wildcats led the scoring parade in this contest, with 20 points.

He was followed closely by Shiyou with 17 and Louis Garriga with 16.

In the quarter finals Kiln easily over Poplarville. Ladner and Royce Shiyou were the high scorers for the Hancock County team, with 12 points each.

The following night Kiln dominated the backboards to gain a six point victory over Picayune.

Again Ladner, a senior, led the scoring department. He tallied 18 points.

Russell Mitchell hit the nets for 12 for the runnerup spot.

Louis Garriga was the outstanding defensive ball player for the night. He captured rebound after rebound from his opponents.

The girls team from Kiln was upset in their first game of the tournament. Industrial defeated the quintet 41-34.

Kiln held a 12 point margin at one time during the game but lost to a highly spirited group of Industrial Eagles.

Betty Joyce Nease, the high scoring center, continued her torrid scoring pace, adding 14 points to her total for the year.

The other tournament won by Kiln teams this season was their own invitational tournament in November.

Coach L. C. Ladner stated that he was pleased with the way his boys played in the last tourney.

Bay High Boys Defeat Lumberton

Marching to their fourth straight victory the Bay High Tigers trounced the Lumberton Panthers 53-33 in the Lumberton gym Friday night before a small but enthusiastic crowd.

Charles Moran copped the scoring honors for the victors for the third straight time with 15 points. Runnersup Cole and Holden were close with 12 points each.

The first half was rather slow with Bay High getting 22 points and Lumberton 14. The pace quickened in the 3rd quarter as the local team tallied 19 while the Panthers could make only nine. Coach Donald Caldwell played his second team nearly all of the fourth quarter.

Coach Caldwell was not very pleased with his boys' performance but a little of his displeasure was due to the absence of Kent Sells his tall guard.

Bay High girls lost their first game of the season to a very strong Lumberton team, 49-46.

In the last meeting of these two teams the Tigerettes won a close decision, in what Coach Caldwell called the best girls game he had ever seen.

Rosemary Millinery, the set shot artist, led the scoring for the fourth consecutive game, sinking 26 points.

Annie Holden and Glenda Reed followed her with 10 points each.

S. J. A. Defeats St. Joseph of Pass

St. Joseph Academy captured a 42-38 victory over St. Joseph School of Pass Christian Monday night in the S. S. C. gym.

The Goldjays jumped off to a 23-11 point lead through the first half, but slowly lost ground in the last half of the game.

The absence of two first-string guards, Jeannette Monti and Paul Olivarez, who were fouled out in the second and third quarters respectively, left the high scoring team with a weak spot in the defense.

Pass Christian's Logan who shot four of their points during the game.

The Jays remained until the last two minutes of the game when they lost to the Academy quints by a 4 point lead.

Pette Julie Blum, a noutstanding high scorer for the Pass Christian team, scored 25 points in the game.

Tigers Ebb Tide In Two Games

Rallying in the last minute of the game, the Bay High Tigers were unable to overcome the Academy quints.

The first quarter of the game was a close one, with the Tigers leading 10-8.

The end of the first half still found the Tigers by two points as they wrapped in 3rd quarter.

The fans began to cheer as each point was scored.

Coach Caldwell, Bay was pretty well satisfied with his boys' performance, but he can see an improvement on offense.

The Tigerettes defeated Picayune girls team by a 27-10 margin.

Drawing off to a 27-10 lead Coach Caldwell substituted very fresh players in the second half.

As usual Rosemary led the scoring for the high girls, with 14 points, her lowing game of the season.

Stanislaus continued from Springfield led but relinquished to the Indians, who pulled away from the quarter to the final when they held a 14-10 gin.

The final score was Short Billy Rhodes, like anything but a player in these games, scraper heights, with Stanislaus scoring.

He was followed by James Ladner with 10 points. The same Ladner, who had a night when Stanislaus out a narrow victory over Big Eight opponents, 52-50.

In one of the more cage games ever won by the Stanislaus gym, they held a 6 point lead over three minutes.

Ladner, who had Rockachaws in the throughout the night, break at this time, from all angles, his was amazing.

He closed the gap in Stanislaus ahead by 10 with less than a half time lead.

Stanislaus gained of the ball and for the rest of the game Ladner tallied 10 points to lead his department.

Billy the runnerup with 8 points to a very easy feat. St. Joseph's featuring St. Joseph's.

The Pass Christian unable to score on a foul shot with left in the second time lead.

James Scherz was the high scoring player for the night, with 18 points.
